## Rainbow Recipe

Dominique Erney

When you need a certain something to clear a rainy day  
Try a slice of rainbow to make the storm clouds go away

You add a dash of puffy clouds, a pint of river too  
A sparkle of pink bubble gum and a gingerbread man shoe  
Half a cup of purple and a pinch of sparkled smiles  
Laffy taffy, lemonade, and clothes that are in style  
Throw in some hearts of pink and red  
Then add some flower petals  
Spread sprinkles on a frosted cake  
Add treats from Hansel and Gretel  
Put these on a baking sheet 50 x 30 feet wide  
Skip to the oven; hop, jump, leap, wiggle around and slide  
Once it's in the oven, turn to negative four degrees  
Go outside and watch the squirrels scurry up the trees  
Come back in and take it out and much to your surprise  
You'll have made a fun-filled crayon-colored Rainbow Pie

Take one bite and watch the sky as it turns from gray to blue  
Then all that's left after the rain is green grass covered with dew
