*What works for you?*

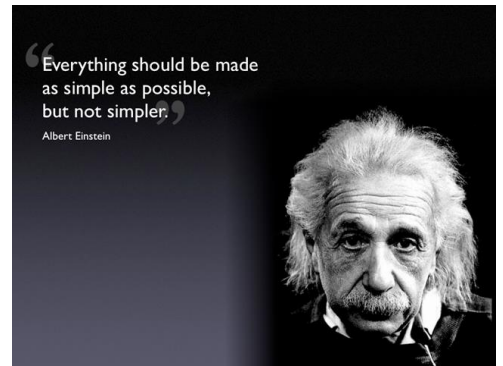

The early bird (A) arrives and catches worm (B), pulling string (C) and shooting off pistol (D). Bullet (E) busts balloon (F), dropping brick (G) on bulb (H) of atomizer (I) and shooting perfume (J) on sponge (K). As sponge gains in weight, it lowers itself and pulls string (L), raising end of board (M). Cannon ball (N) drops on nose of sleeping gentleman. String bed (N) releases cork (O) of vacuum bottle (P) and ice water falls on sleeper's face to assist the cannon ball in its good work.

"Simple can be harder than complex: You have to work hard to get your thinking clean to make it simple. But it's worth it in the end because once you get there, you can move mountains."

- Steve Jobs

**So, what have we learned?**
